### Clubs:

We have numerous sport clubs at school.

We can do gymnastics, volley ball, football, table tennis, rythmic gymnastics and badminton.

They are all after school for example table tennis is wednesday afternoon.

I was in the rythmic gymnastics club in my first year of secondary school, since then I haven't joined any clubs at school

Most of my closest friends are in my class.

Jade has been in my class since last year she's fun and we get along well.

I know I can trust her.

Anna is my class this year I knew her last year but not as well as now, we laugh a lot together.

Sixtine has been a close friend since my second year of secondary school even though we have never been in the same class. She's funny and I can always count on her.

## *My favorite subject*

*I don't really have a favorite subject for two reasons:*

*The first is that for me, the subject depends on the teacher, for example if the teacher is good then I'll enjoy the subject more than if the teacher is bad.*

*The second reason is that I like most my subjects, the only subjects I don't like are Music, Art, and Technology.*

- Don't stress the small things!
- Be positive!
- Invest in class and outside of it!
- Enjoy yourself!

THE MOMENT THAT I WOULD LIKE TO RELIVE IS THE FIRST DAY OF SECONDARY SCHOOL, BECAUSE I WAS VERY NERVOUS AND THIS WAS A NEW EXPERIENCE FOR MY FAMILY AS I AM THE ELDEST OF THREE. IT IS ALSO A HAPPY MEMORY BECAUSE I WAS WITH MY FRIENDS AND EVERYTHING WENT SMOOTHLY. THAT IS WHY IF I COULD I WOULD RELIVE THAT MOMENT.

I felt in love since I saw you. You are so funny with your cute head and your funny expressions. You are always happy and you smile so much and this is very cool for me and the others girls. I'm happy because you will go in the same school because I didn't let you go
